A WORD FROM YOUR **PRESIDENT**

Greetings to golfers members and sponsors, It was great to see so many people playing golf last weekend, and making the most of the sunny winter days.

On Sunday I played golf with the President of North Shore Golf Club. He was impressed with our course, especially the changes we have made so far and loved the 15th hole.

MARSHALS ON THE COURSE

John Kinley, (JK) is organising a group of volunteer Marshals to be on the course on Saturdays. These marshals are there to help with the speed of play, general care of the course and to ensure that your game is more enjoyable.

4TH HOLE PATHWAY

Next Monday (12th of July) we will be starting the upgrade to the cart path on the 4th hole. This is a big job, 250 metres, and will be a major improvement to the course. The existing path does not cope with the rain.

Temporarily, you will be playing the 4th hole from the 12th hole tee blocks. You will be walking or carting around the 12th hole track blue tee path, along the fence line to get to the hole.

We will have cones out to assist you.

Please note this is only temporary and hopefully for one week to ten days, weather permitting.

Once the project is finished, I will be highlighting and thanking the team behind making this project happen.

UNACCEPTABLE BEHAVIOUR

A subject we don't like to talk about is abuse, harassment and unwanted comments to our staff, contractors and other players, but sadly it is a reality.

You may see posters and material similar to the one below, scattered around the club.

The committee are currently finalising a policy to deal with these matters and the possible suspension of members for extreme or repeated behaviours.

Culture to me is very important and something we have worked hard at to improve

It is critical that we manage unacceptable behaviours with fairness and respect to both parties. We can work together in a positive manner, to ensure this pattern of behaviour does not continue.

Have a great week and I hope to see you in the club house or on our wonderful greens.

VISION | 2022 UPDATE

FROM FRIENDS OF OMAHA BEACH GOLF CLUB

Hello all,

Our new 15th hole is now in play!

Thanks to everyone who made it to the Hole opening ceremony on Friday 25 June - it was a memorable day, despite the cold.

The new hole is a challenge to players of all levels and the green is already playing fast. The surfaces that we have created are top class and the hole will only improve with time.

Thanks to Pam Stone for hitting the first ball, and to all who took part in a fun afternoon.

Thanks also to Golf HQ who have been a great support in liaising with Club members and for their input on the day.

Thanks again to everyone who helped make it happen and a special thank you to Judy Crooks who made it along despite being unwell - Judy wasn't missing it for anything!

The 15th before the redevelopment.

The 15th after the redevelopment.

Project 2 (Hole 17)

The process of finalising the 17th hole design is now close to completion. The hole will play considerably shorter than it does now and will have a challenging and interesting green.

Project 2 will involve completing the renovation of the 17th hole and we are aiming to start in August, weather permitting, to gain the most from the spring growing season.

My next update will include some more detail of the hole itself, and some commentary from our designer, Kristine Kerr.

Below: The 15th before the redevelopment project

As mentioned last time, our key challenge is cashflow. Letters were sent out to all who have kindly made a 3-year pledge to see who was able to pay their pledge now. I am pleased to report that we have had a great response and, with some support from the Club, we are now able to push on with the project works for the 17th Hole.

This is great, and your support is appreciated.

Our fundraising continues to gather strength and our total now sits at over \$520,000 - we have passed the half million and we are now about 75% of the way to our target.

However, and without wanting to sound like a broken record, there is still more to do. I again encourage all Club members who have not already done so, to please get in behind the project with some financial support.

All contributions help and we will not be able to complete the 18th hole without reaching our \$700,000 total.

Please make your deposit to:

Then email me: tkortegast@tonkintaylor.co.nz and we will sort out the paperwork and arrange a receipt for you.

Hello Members,

COMPETITION WINNERS - GOLF HQ'S 5TH BIRTHDAY

Congratulations to all the winners, (shown below) and thank you for all the support from the Omaha Beach Golf Club members.

It is greatly appreciated.

PRO TIP

Remember that your range of movement can be restricted in cold air and as such the ball doesn't travel as far.

Stretching before you play is important to avoid injury in the colder months. Also make sure you adjust for the colder temperature and take an extra 1 or even 2 clubs at times compared to your normal club selection.

TROPHY CABINET

We would like to purchase a new trophy cabinet for the clubroom entranceway. We've found this one and wonder if one of our members would like to sponsor it. The cabinet is \$1250 including delivery.

We would have a sign produced acknowledging your generosity as the sponsor.

OFFICE DESK

We are also looking for a large desk for our admin office. A larger standard desk or a smaller “L-Shape” unit would be fantastic.

If you are interested in sponsoring the Trophy Cabinet or have a desk that you can donate to the club we'd love to hear from you.

Please contact Tiffany at marketing@omahagolf.co.nz or 027 1800 2028

Thank you **SUPPORTERS**

We wouldn't be here without the generosity of individuals, businesses and organisations who support our work, through sponsorship, donations or in-kind contributions. Such support is vitally important and greatly appreciated.

CLUB VOLUNTEERS

The club has more than 100 members who regularly give their time and expertise in support of a myriad of activities, both on and off the course. They are our stalwarts, and an indelible part of our organisational culture.

VISION | 2022 DONORS

Our VISION | 2022 donors are an inspiration to all. Their vision and generosity has made the course development project a reality,

To the extraordinary people who generously give their 'time, talent or treasure' in support of our club's purpose. We thank you all.
